

CPJ-10-23

Leadership and Management in Oil & Gas Industry for Young Leaders

November 14 – 24, 2023

Course Coordinator : Mr. Makoto Naito

<Contents>

To develop young leaders in Iraq, the main contents are to understand the rapid changes in the external environment like decarbonization and the carbon neutral strategies of Japanese petroleum companies, and to develop comprehensive leadership and strategic management that can quickly respond to such changes.
