

JCCP Customized Course Program Completed

Course No. CPO- 3 -18

November 28 – November 29, 2018

Course title: CPO-3-18 LPG (Inspection of LPG Facilities Installation) for MPE (MOEE)

Course Coordinator : Mr. Kazuyuki Muroi

<Background>

At the request of the Myanmar Ministry of Electricity and Energy (MOEE), Japanese experts were dispatched to hold a 2-day seminar on “Inspection of LPG Facilities Installation”.

<Content>

- 1) Overview of Oil Industry in Japan (including LPG)
- 2) General Overview and Construction of Marine LPG Receiving Terminal
- 3) Manufacturing and Inspections of LPG Container /
Standards and Practical Business of Safety Inspections of LPG Facilities

<Overview>

Myanmar is trying to spread LPG market. Participants enthusiastically attended the seminar and asked many questions.

They also gave us many positive comments for the feedback sheets.

<Venue>

MPE Meeting Room, Naypyidaw

<Countries> Myanmar / 25 participants
