Ms. Fatima Al-Nuaimi, Vice President of UAE ADNOC, made a speech for the achievements of FCW over the past 10 years, as well as the importance of this forum as a quite essential opportunity to discover issues regarding women's empowerment and mission in this energy transition. And Mr. Joe Sakai gave a presentation for the current status of women's empowerment in society and suggested ideas for future development.

At the workshop presentation under the theme of "Women's Career Development - How we can demonstrate leadership-", it was indicated next generation leaders' new knowledge and insight by 3 group outcomes through the group discussions by diverse people among the JCCP training course participants from various country and Japanese Planning and Implementing Committee (PIC) members. In the panel discussion "Women's Career Development - Leader Development, Mentoring, Women Engineers Program", it was delivered meaningful suggestions with sharing the current situation, corporate efforts, success cases, and prospects by active duty executives of each country and company to contribute further development, moderated by Dr. Junko Nomura, Office of Communications and DEI, Professor for Institute Management, Institute of Science Tokyo.
