

JCCP Regular Course Completed

Course No. IT-2-23 (June 6 – June 16, 2023)

Course Title: Financial Management

Course Coordinator: Makoto Naito

< Content >

Under the accelerating decarbonization trend, this course provides participants with an opportunity to recognize the business environment for oil/energy companies/industries and acquire management ability in financial aspects through studying ESG investment affects and project finance.

In addition, this course provides participants to learn about how to manage various risks surrounding the business.
